

Szczecin, 15.03.2017

REFERENCE LETTER

Teknotherm Marine HVAC Sp. z o.o. can share positive opinion about the cooperation with SPONTE-ELEKTRO Daniel Kowalski, Jarosław Marcjan Sp. J. with its seat in Szczecin, ul. Andrzeja Struga 35.

The aforementioned cooperation concerns:

- the prefabrication and delivery of low voltage distribution/control switchboards.

SPONTE-ELEKTRO has been performing the aforementioned works since 2012 to the present date. The entrusted tasks are performed in a timely and reliable manner.

The products are in compliance with the documentation and currently applicable norms and regulations.

Based on previous and current cooperation, we can recommend SPONTE-ELEKTRO as a reliable and trustworthy contractor as far as the prefabrication and delivery of low voltage switchboards are concerned.
